

Microsite Mockup Feedback:

Designer: Griffin Xu

Creative Director: Samantha Brotman

- Text on home page is slightly hard to read
 - Find new image, or edit current one to be darker and add drop shadow to text (see below)
 - Image: less saturated, darker
- Navigation underline is good!
- Add more padding between the top image bar and the first line of text. Equal padding on bottom, as well.
- Slightly more line height
- Add “Home” to navigation bar
